APPLICATIONS

Can be used for wet mopping of horizontal and vertical surfaces in small areas.

ECO BOX

ECO-FRIENDLY PRODUCT

100% solar-powered textile production

Product made of separable materials and, consequently, recyclable at the end of its life

Product sold in packaging compliant with Legislative Decree 116 of 03-09-2020 concerning the obligation of environmental labeling for correct disposal at the end of use. 99% of the cardboard packaging used by the company is made on average with 80% recycled paper

FEATURES

- Made of high quality polypropylene copolymer: light, shock-proof, heavy duty and low-temperature resistant
- Bucket with bottom protection rim and an ergonomic seizing to empty it easier
- Special shaped sieve that facilitates the squeezing of the mop. It lays entirely onto the bucket border guaranteeing a better resistance. Equipped with handle holder
- The mop holder allows to fix and release the mop automatically, avoiding the operator's bending and the direct contact with the dirty mop. The foot-operated push-button on the central part of the mop holder allows to open it in order to squeeze the mop
- Microfibre mop with micro flaps for an easy, quick and safe mop fastening. Ideal for all smooth flooring, medium degree of dirt. The high absorbency due to its capillary action guarantees a great floor covering, a fast floor drying and less stains. Polyester, thanks to its hooked micro-structure, generates a non abrasive mechanical action to remove dirt, while polyamide, due to its high absorbing power, retains water and the removed dirt

PRODUCT SHEET

Date of issue: 02/02/23

MATERIAL

Bucket: Polypropylene

Sieve: Polypropylene

Mop holder: Polypropilene and Polyamide

Mop: yarn 80% microfibre (100% polyester) + 20% polyamide, TNT backing and polyurethane flaps - Microfibre: decitex=0,75

MOP ABSORBENCY

A dry mop absorbs up to twice its own weight

MOP LIFE CYCLE

Can be washed max 400 cycles if washing instructions and warnings are followed

CARE AND MAINTENANCE

WARNINGS FOR MOP WASHING

Follow carefully the washing instructions and warnings on the detergent packaging (temperature and dosing) before washing

We recommend the use of normal detergent for textiles, no fabric softener

Always a pre-wash cycle in cold water without detergent to remove any residue of chemical solution

We suggest to use the specific net bags for the mop washing

WASHING INSTRUCTIONS FOR MOP

SUGGESTED washing temperature: 60° C

Bleaching possible - Do not use chlorine or bleach

Mechanical drying at low temperature 50°C

No ironing

Do not dry clean

Do not use softener

Use alkaline detergents with Ph < 11
