Battery-powered  
automatic scrubber  
drier - ideal for  
retail sector

#### KEY FEATURES

- Agility and high performance
- Excellent cleaning and drying results
- Durability and robustness
- Simplicity and easy maintenance

#### PERFECTLY COMBINES AGILITY, HIGH PERFORMANCE

The TASKI swingo 855 R scrubber drier is an agile machine, which is easy to handle while offering increased productivity due to its wide working width. The 50 cm brush unit allows very efficient cleaning of floors and close along walls, leading to great performance. The 40-litre tank volume increase performance and reduce time-consuming tank filling stops during the cleaning operation.

#### EXCELLENT CLEANING AND DRYING RESULTS

The machine's patented brush follows the floor profile and delivers nearly even pressure allocation along the full working width, which leads to excellent soil removal. The new, patented V-shaped squeegee enables excellent water pick-up on the floor. Due to the proven three wheel concept, adjustments of the squeegee are no longer necessary.

#### DURABILITY AND ROBUSTNESS

The use of high-tech material and long life components, enhance the machine's uptime, while reducing service and repair costs to a minimum.

#### SIMPLE TO USE AND EASY MAINTENANCE

All components needing frequent maintenance are color-coded in yellow and can be removed easily without tools. The dashboard is self-explanatory and displays all relevant information. These features allow trouble-free operation and require minimum operator training.
