

- 1** Clean the floor surface where you want to attach the mat.  
(degrease and drain)

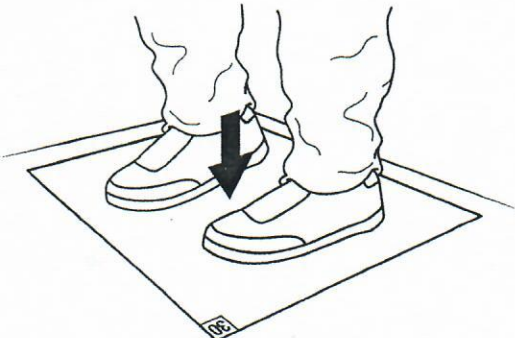

- 2** Remove bottom layer of protection film.

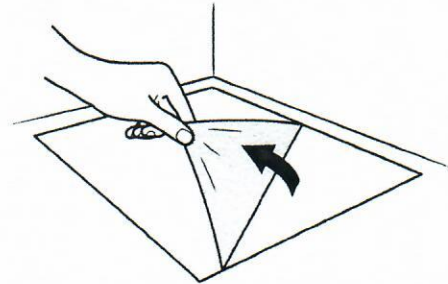

- 3** Holding the end of the mat with one hand, attach the mat gradually with the other hand.

- 4** Step on the mat several times to secure.

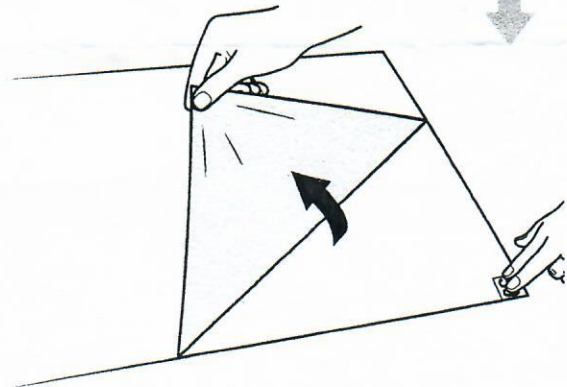

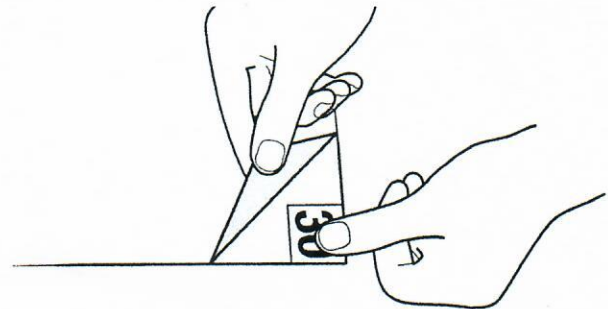

- 5** Remove top layer of protective film.

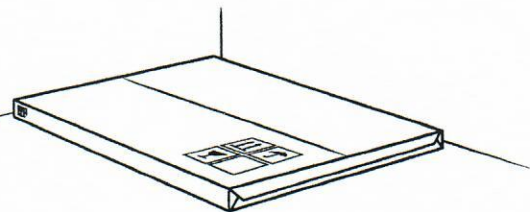

- i** Once the mat is no longer sticky, peel off another layer.

## Peeling off instructions

## Recommended storage

Store mats flat as shown above.
